

National Print Group Register

PCANZ is looking to create a comprehensive register of all print groups across New Zealand, including any spaces that offer specialist print opportunities. This information would ultimately be added to the PCANZ website and, aside from highlighting the fact that print is very much alive all over NZ, it is hoped it would aid networking and therefore enhance the many benefits of having an interconnected and thriving print community.

The print groups need not have any PCANZ connections, nor do they need to be open to new members.

We simply would love to hear of them and to list their details so others might know of, engage, participate or interact with them as appropriate. They could be groups you know of, not necessarily ones that you are a participant of. Please pass on this info to anyone who may have info to add.

Please send completed form to

Toni Hartill: tonihartill@outlook.co.nz

Info to include:

- Name of print group or print space Address
 - Brief outline of how the group operates Contact details so people can find out more to join and/or engage Social media links, etc.
 - Please send image(s) too, of the group in action, or of the studio space where it operates.
- We may also begin to include a regular feature of some these print groups in the newsletter.

National Print Group Register
